

Medicine and Support Services

Aetna Specialty Pharmacy Network

Get the specialty medicine you need

Get the specialty medicine you need

Get your specialty medicine sent right to your mailbox. Or anywhere you want. Plus, get extra support during your treatment. You can get many commonly prescribed specialty medicines through a network specialty pharmacy. Or, based on your plan, you can use a retail pharmacy.

Not all pharmacies are available to members in all states.

Why use a specialty pharmacy?

If you're taking a specialty medicine, you know there can be challenges. It may be expensive and have side effects. This can make it hard to stay on track with your doctor's orders. A participating Aetna Specialty Network pharmacy staff member knows how to properly ship and handle special medicine to get it to you when you need it.

If you have questions about your pharmacy benefits or which pharmacy is right for you, call the number on your Aetna® member ID card.

Hours: 8 AM – 8 PM ET (Monday – Friday)

These specialty pharmacies are part of our network:
